

# Kelvin Alligator Clips, 4 mm Straight Sheathed Banana Plugs, B/R Pair

CT4555

## Features:

- 4 mm Straight sheathed banana plugs
- Nickel plated steel (Gold plating optional)
- 41mm Clip jaw opening
- RG58 Coaxial cable
- Colored breakout leads

## Description:

The CT4555 are Cal Test's new Kelvin Alligator Clips. Made for 4-wire Kelvin measurements, their design provides a flexible, reliable, and safe test connection option. The 41 mm jaw clip opening ensures a secure connection by providing adequate clearance for various test applications. These clips utilize an RG58 coaxial cable with a 4 mm banana plug break-out feature. The colored break-out plug leads, make it easy for the user to identify the test connection setup. The CT4555 Kelvin Alligator Clips are a new addition to the wide ranging test and measurement options Cal Test Electronics currently offers.

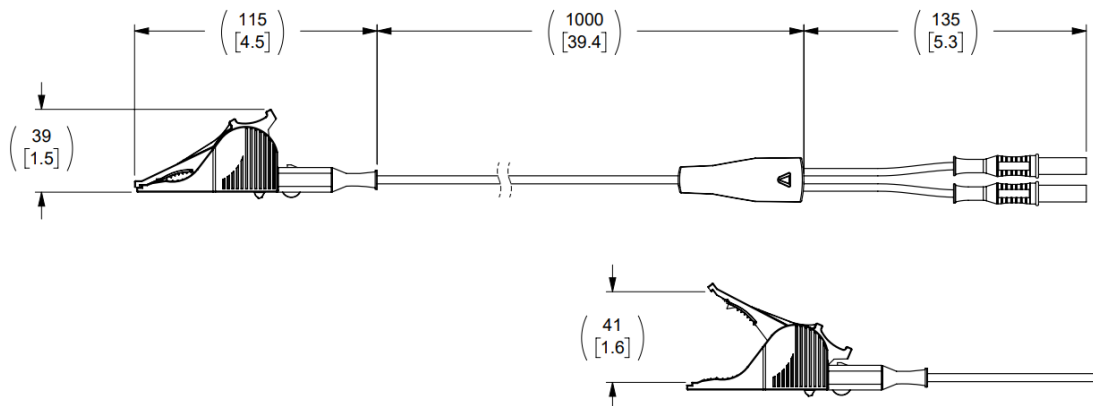

Available individually or as a pair. See Order Information on page 2.
