

CT3678A Twin Lead Adapter, 3.5mm, 2 Clips

Features:

- Usable with all Cal Test 3.5mm Oscilloscope probes.
- Includes 2 CT3659-8 SMD Test Clips
- RoHS+ and REACH compliant
- One-year warranty

Description:

The CT3678A Twin Lead Adapter provides a convenient connection solution for Cal Test Electronics 3.5 mm oscilloscope probes. Designed for use with all Cal Test 3.5 mm probes, the adapter converts the probe connection into two flexible test leads for easier access to components and test points.

The CT3678A includes two CT3659-8 grey SMD Test Clips, providing secure connections to small components, device leads, and other difficult-to-access test points. The combination of flexible twin leads and compact SMD clips makes the CT3678A well suited for general electronics testing, troubleshooting, development, and laboratory applications.

The CT3678A is RoHS 2 and REACH compliant and is backed by a one-year warranty.
