

EDUCATIONAL REBATE PROGRAM

Cal Test Electronics takes pride in aiding the educational pursuits and training needs of students, fostering the development of the next generation of electronics and engineering professionals. Known for our exceptional quality and value, we offer a 10% promotional discount to educational institutions—beyond our everyday value. Valid on all Cal Test Electronics brands, explore our offerings at caltestelectronics.com or globalspecialties.com. Reach out to an authorized distributor at caltestelectronics.com/where-to-buy to utilize this offer.

HOW THE PROGRAM WORKS

ELIGIBLE PRODUCTS

This discount applies to any current model; please refer to our distributor price sheet or website for specific models. Purchase unlimited qualifying models with a minimum total of \$5,000. The total and discount calculations are based on our current MSRP at www.caltestelectronics.com or www.globalspecialties.com. However, accessories, refurbished equipment, extended warranties, and calibrations are excluded. We reserve the right to alter or cease this promotion at any time without notice. This cannot be combined with other offers, and preapproval is mandatory.

TERMS AND CONDITIONS

ELIGIBILITY

Accredited educational institutions, including K-12 schools, vocational schools, colleges, and universities in the United States or Canada, are eligible. Products will only be shipped to verified addresses in these countries and must be purchased from an authorized distributor. Preapproval is required.

DISCOUNT AMOUNT

Eligible institutions receive a 10% promotional discount on purchases of \$5,000 or more. Locate authorized distributors on our website.

PROMOTION END DATE

The promotion will continue until further notice. We retain the right to modify or withdraw this promotion at any time and this supersedes any prior promotions.

RESTRICTIONS

Purchases must meet a \$5,000 minimum on a single invoice and can only be made by qualified educational institutions from authorized distributors.

CONTACT INFORMATION
