CERTIFICATE OF COMPLIANCE – PFAS

Declaration for Presence of Per- and Polyfluoroalkyl Substances (PFAS)

Cal Test Electronics, Inc. ("Cal Test") hereby declares that all products supplied by Cal Test, as of the date of issuance of this Certificate, do not contain any of the 430 PFAS compounds* listed on the U.S. Environmental Protection Agency's (EPA) PFAS Substance of Concern List, as updated on December 16, 2024.

*At the homogenous material level.

For more information or the latest revisions of the EPA's PFAS Substance of Concern List, please refer to the following EPA websites:

- <https://www.epa.gov/pfas/key-epa-actions-address-pfas>
- <https://comptox.epa.gov/dashboard/chemical-lists/epapfasinv>

This declaration is based on information provided to us by the suppliers of components and finished goods incorporated into Cal Test Electronics products. Should any new information become available that would affect the accuracy of this declaration, an updated document will be issued accordingly.

If you have any questions regarding this declaration or require further assistance, please feel free to contact us.

Signed on behalf of Cal Test Electronics, Inc.:

A handwritten signature in black ink, appearing to read 'Anthony Hansen', is written over a light blue horizontal line.
